Dear Friends and Colleagues

On behalf of the **ALL AFRICA ENT & AUDIOLOGY CONGRESS (AAENTA)** Organising Committee, it is my great pleasure to extend a warm invitation to you and your colleagues to participate at **AAENTA 2012** which will take place from 3-6 June inclusive at the Spectacular Victoria Falls – one of the seven natural wonders of the world and a world heritage site.

AAENTA was born out of a dire need to promote intra and inter regional co-operation amongst colleagues practicing ENT, Head and Neck Surgery and Audiology in Africa and Globally. In planning this Jamboree, we have made establishing contacts a major priority, to initiate and maintain a platform for this global collaboration.

It is significant that **The American Academy of Otolaryngology- Head and Neck Surgery Foundation (AAO-HNSF)**, who are partnering with us in this discourse, have recognised the importance of this effort. We are also delighted that our Sister Organisations from all continents have also expressed similar interest so **AAENTA 2012** promises to be an enjoyable and memorable event, bringing together the world of ENT, Head and Neck Surgery and Audiology.

The Scientific Programme has been structured to attract the interest of and encourage attendance from global participants involved in ENT, Head and Neck Surgery and Audiology. This inaugural and landmark event will provide a superb opportunity for conversation, collaboration and networking. In addition to a wide range of presentations, the Congress Exhibition will highlight the latest products and developments.

AAENTA will enable African participants to learn and share their knowledge and experiences as well as insights. It is hoped the forum will enable our esteemed international colleagues to listen in to what Africa is doing and what Africa is in need of. We see the major benefits of our collaboration coming not so much from what "Solo missions in Africa" can achieve but "What can be achieved through training and continuing medical education in Africa for Africans". **AAENTA** will also provide a valuable networking opportunity and allow international colleagues to learn about some of the constraints faced in Africa.

PAFOS – The Pan African Federation of Otorhinolaryngological Societies - will be re-launched at **AAENTA 2012** as part of this initiative to re-establish and maintain a proactive collaboration.

The Pre and Post Congress Tours and Activities will provide participants and their guests with an unforgettable and memorable experience of Southern Africa including the awe-inspiring Victoria Falls with its wide range of special interest and adventure based activities and the ultimate safari experience in Game Parks offering visitors an opportunity to see magnificent wildlife in their natural habitat (buffalo, elephant, giraffe, hippo, hyena, leopard, lion, rhino, warthog, wildebeest, zebra, huge varieties of birds, and more are all there).

We have organised a fantastic **Accompanying Persons Programme** as well as a **Social Programme** which promises to be tremendous and will definitely include the 'WOW' factor **so it will not just be all business!**

We hope that you, your colleagues, family and guests will come to the Congress and contribute to what promises to be a highly successful and stimulating meeting. We look forward to welcoming you all to the Victoria Falls where you will be able to enjoy our traditional, world renowned hospitality.

Dr Clemence Chidziva

CONGRESS THEMES**OVERVIEW OF ENT, HEAD AND NECK SURGERY AND AUDIOLOGY – INTERNATIONAL AND AFRICAN PERSPECTIVES**

Under this theme we hope colleagues/societies will give summaries of what is happening on the ground in their regions as well as what needs to be done to improve the situation.

WHAT ARE WE DOING IN AFRICA?

This is intended for colleagues to showcase the work being done. It can be in the form of case presentations, research material presentations, poster presentations etc

ENT, HEAD AND NECK SURGERY AND AUDIOLOGY TRAINING IN AFRICA

The survey of ENT and Audiology Services in Africa carried out by Johan Fagan et al (2009) exposed the lack of personnel and resources in our

continent. This theme is meant to celebrate the many efforts being made in training as well as to learn from other colleagues' success stories and challenges met along the way.

HUMANITARIAN EFFORTS IN AFRICA

The major points to address will include :

- ❖ Are they being done?
- ❖ Are they effective?
- ❖ Can their impact be improved?

INSTRUCTIONAL COURSES

It is hoped renowned persons in various fields from both Africa and our International Colleagues will run practical "How I Do It" instructional courses under this theme.

DISCOVER AFRICA

Africa is a magical place to be in. Under this "Theme" an extensive "Journey of Discovery" will begin from the majestic Victoria Falls!!!

Victoria Falls - forming the largest sheet of falling water in the world. The unusual form of Victoria Falls enables virtually the whole width of the falls to be viewed face-on, at the same level as the top, from as close as 60 m (200 ft), because the whole Zambezi River drops into a deep, narrow slot-like chasm, connected to a long series of gorges. Few other waterfalls allow such a close approach on foot. Many of Africa's animals and birds can be seen in the immediate vicinity of Victoria Falls, and the continent's range of river fish is also well represented in the Zambezi, enabling wildlife viewing and sport fishing to be combined with sightseeing.

Victoria Falls is one of Africa's major tourist attractions, and a UNESCO World Heritage Site. The Falls are shared between Zambia and Zimbabwe, and each country has a national park to protect them and a town serving as a tourism centre - Mosi-oa-Tunya National Park and Livingstone in Zambia, and Victoria Falls National Park and the town of Victoria Falls in Zimbabwe. The Zambezi River is the fourth-longest river in Africa, and the largest flowing into the Indian Ocean.

Now in its 150 millionth year, the Victoria Falls (twice the size of Niagara Falls) is a mystical marvel shrouded in historical and geological significance. Discover and be awed by the Falls and learn about the mysteries, the intrigue and the theories of her formation and you will concur it is "The Adventure Capital of the World!"

CONGRESS VENUE : ELEPHANT HILLS RESORT

Play golf where the animals roam; gaze over the Zambezi River from the privacy of your balcony or unwind with a cocktail at the pool. A first world conferencing facility and leisure resort - it's all here, waiting for you at Elephant Hills Resort.

Only 4km from the Victoria Falls, the Resort provides guests with a panoramic vista of the mighty Zambezi River and its surroundings. 276 rooms and an 18-hole golf course, **designed by Gary Player**, await you in an unforgettable blend of luxury and wilderness. **Modern conferencing facilities** and equipment are available as are a host of sporting attractions, including Zimbabwe's largest outdoor pool. The rooms have all the modern comforts you could think of including air-conditioning, overhead fans, mini-bars, satellite television and radio, telephones (bathroom and bedroom), mini safes and coffee/tea stations. The Resort is **disability-friendly** with lifts on all floors and two rooms specially equipped for disabled guests. The porters have also been trained to assist those with special needs. Not surprisingly, golf is a popular attraction at the resort. The course has a 72 stroke-rating on site and people from all over the Victoria Falls region come to play on its greens.

AIR CARRIERS/DISCOUNTED AIR TICKETS

P.11

All travel costs and arrangements to and from the AAENTA Congress are the responsibility of individual participants.

There are several flights per day to Victoria Falls from Johannesburg, South Africa as well as several other cities in Africa (including Harare, Zimbabwe). One can also fly into Livingstone, Zambia just across the Zambezi River from Victoria Falls. You would, however, need another visa for Zambia if you choose this route and there is also a Yellow Fever Innoculation requirement for Zambia.

THE AAENTA ORGANISERS ARE CURRENTLY HOLDING DISCUSSIONS WITH A NUMBER OF AIRLINES TO FACILITATE TRAVEL TO/FROM VICTORIA FALLS FROM WORLDWIDE DESTINATIONS. PLEASE CONTACT THE ORGANISERS FOR MORE INFORMATION.

Several airlines have indicated they will consider offering discounted fares for groups who would have to travel together from international destinations (minimum number : 10 persons to qualify). Please contact the AAENTA Organisers for more details in the event that you are able to put together a group of Colleagues/Accompanying Persons to travel together.

South African Airways have also advised that they would be able to arrange for a bigger aircraft to service the Victoria Falls route should their flights to/from Victoria Falls at the time of AAENTA 2012 be full. Again, please liaise urgently with the AAENTA Organisers should you find this is the case.

IN TRANSIT FLIGHTS FROM/TO HARARE INCLUDING INTRANSIT ACCOMMODATION, GROUND TRANSFER ARRANGEMENTS, ETC.

Some Airlines like Ethiopian Airlines, Emirates Airlines and Kenya Airways (in partnership with KLM) offer flights from worldwide destinations into Harare. The AAENTA Organisers are looking into the possibility of arranging air charters should this become necessary as well as group bookings on Air Zimbabwe.

Please contact the AAENTA Organisers for more information including In-Transit accommodation, ground transfers, etc. should you require this.

Arrivals - Most flights arrive between noon and mid-afternoon. By selecting our Ground Transfers options you will have access to our Meet and Greet Facility (for both arrivals/departures). The Team at the Airport will facilitate luggage collection, customs and immigration clearance, accompany you on coaches and facilitate your hotel check-in. A similar facility will be provided for departing delegates who will be collected from their hotels, transferred to the Airport, etc.

PLEASE ENSURE THAT YOU PROVIDE THE AAENTA ORGANISERS WITH YOUR ARRIVAL AND DEPARTURE DETAILS VIA YOUR REGISTRATION FORM OR BY EMAIL.

Please check back periodically for additional information.

CANCELLATIONS AND REFUNDS LIABILITY

In the event of industrial disruption or other unforeseen circumstances, the Organisers accept no responsibility for loss of monies incurred by delay.

REGISTRATION FEES, SOCIAL FUNCTIONS, ACCOMMODATION AND TOURS

Cancellations must be made **IN WRITING TO AFRICAN INCENTIVE**. The following cancellation fees will apply (primarily to cover administration costs) :

Cancellations Before 1 May 2012	75% refund
Cancellations Thereafter	Nil refund.

NOTE : Substitutes will be accepted.

ALL ACCOMMODATION BOOKINGS MUST BE MADE THROUGH AFRICAN INCENTIVE

Zimbabwe's hotels are on a par with good hotels throughout the world, offering excellent accommodation and international cuisine. The Organisers have negotiated attractive bed and breakfast accommodation rates at a number of hotels. **As there are a limited number of quality hotels in Victoria Falls and always a great demand for such accommodation by the large number of incoming tourists and conference groups, you are urged to make your reservations early in order to avoid disappointment.**

THE AAENTA CONGRESS VENUE IS THE ELEPHANT HILLS RESORT.

It is recommended that participants consider staying at the Elephant Hills Resort from a convenience point of view. There will then be no need to incur additional costs in respect of Inter Hotel ground transfers etc.

VICTORIA FALLS HOTEL

Some participants may, however, wish to stay at the very upmarket VICTORIA FALLS HOTEL so we have included this option below. The Hotel, popularly known as "*The Grand Old Lady Of The Falls*", is situated in the Victoria Falls National Park, a world heritage site, and is a member of the exclusive Leading Hotels of the World Group. It is one of only three ISO-accredited hotels in Zimbabwe. The Edwardian-style five-star hotel, built in 1904, was recently redecorated and refurbished and now combines the charm of the old with the convenience of the new. Set in lush tropical gardens with lily ponds, palm trees and semi-tropical shrubs, it provides the tranquillity and seclusion that many guests seek. The famous Victoria Falls are just a ten-minute walk away using the hotel's private pathway, and "the smoke that thunders" or "Mosi-O-Tunya" in the local dialect, is clearly audible and visible from this luxurious landmark.

World-class service, and food and beverage choice and preparation second to none, make the hotel a magnet for international visitors and locals alike. Stanley's Terrace, with its clear view of the Victoria Falls Bridge, connecting Zimbabwe and Zambia, is renowned for its cocktails and afternoon teas. The Terrace has been a rendezvous for adventurers in Africa for over a century. The ambience of the hotel is steeped in that history with all suites decorated in the gracious Edwardian style of Zimbabwe's colonial era. But it is the Victoria Falls Hotel that remains the major attraction for visitors. Waking up to the sound of "the smoke that thunders", seeing the sun rise beneath the mist of one of the seven natural wonders of the world and the lunar rainbow at night, all the while soaking up the history and ambience of a bygone era, is more than unforgettable – it is unique.

BUDGET ACCOMMODATION

For those participants who have budget constraints, it is recommended that you consider sharing a room with a colleague at Elephant Hills Resort which will be more convenient. Budget Hotel option given below.

NOTE

1. Rates are quoted on a bed and breakfast basis only.
2. All sectors of the Tourism Industry are required, by law, to charge 2% Government Tourism Levy for all services.
3. Non Zimbabweans are exempt from 15% VAT provided payment is made in advance from outside Zimbabwe.
4. No hotel bookings will be made by the Organisers unless your full remittance is received with your Registration Form.

The Hide Safari Camp is the product of their passion for nature in general, and Hwange National Park in particular. The Hide Safari Camp has earned its reputation as a consummate safari destination, for both the exceptional wildlife experience and the hospitality it offers. Accommodation is in 10 large, East African style luxury canvas tents under thatch, all overlooking the main waterhole. Each tent has its own en-suite bathroom, consisting of bath, outside and inside shower, hand basin and flush toilet along with a teak dressing table and, most importantly, piping hot water all day! All tents have been mosquito proofed and have fans. The spacious bedrooms are very tastefully furnished with solid Zimbabwe teak furniture and each is individually decorated. There are 4 Classic Twin tents , 4 deluxe tents and 2 Honeymoon Deluxe Suites (all are canvas tents under thatch).

Between game drives and walks in the National Park, there is plenty of time to relax in a comfortable lounge or sit quietly in a hide to watch the wildlife. After meals, all together around a giant table or al fresco under the Acacia trees, you can spend a lazy afternoon by the plunge pool or in the shade of your verandah. Since its construction in one of Hwange National Park's prime wildlife areas, we have distilled the essence of the safari experience and embellished it with our own distinctive style. Once the royal hunting ground of Ndebele kings, Hwange has long been known for its abundant and diverse wildlife - herds of elephant and buffalo numbering in the hundreds. This is one of the best places to see lion, leopard and African wild dog among the hundred or so other mammal and four hundred bird species.

Ivory Lodge is set on its own 6 000 acre conservancy bordering Hwange National Park, the largest National Park in Zimbabwe. Hwange has always been one of the best places to visit for a broad range of safari experiences and Ivory Lodge is "big game" country – lion, elephant, leopard and buffalo are seen regularly from camp as well as in the park. Ivory is built in the tree tops of giant teak forests – diverse habitats attract a variety of wildlife and bird life. This camp offers personal attention to a maximum of 12 guests only. Hwange National Park is famous for its "giant tuskers" – huge old elephant bulls with massive tusks. Herds of over 200 feed and water around the park on their migrational trek between Botswana and Zimbabwe. Foot safaris were perfected in Hwange – our professional guides are amongst the highest trained and qualified in Africa. They become your personal safari companion and one with whom great experiences are shared. Walking with them on our property and in the park is an opportunity unsurpassed by any other wilderness experience. It's not all about the big game though, they show you much, much more...

The elevated en suite rooms are positioned with sweeping views of the waterhole that is floodlit by night. Night sounds become a mysterious cacophony of bugs and predators on the prowl which keep you wide eyed to the earliest hours. The central dining area, bar and library are set around the deep blue pool - a welcome haven from the scorching mid-day heat. Bush cuisine offers campfire barbeques under a massive blanket of stars. The hide-out next to the waterhole is a refuge where a heightened wildlife experience is within a stone's throw away. You don't require a large tele-photo lens to get some incredible close-ups of the big 5 that frequent the pan. Children are welcome.

An unusual and beautiful setting - we look forward to sharing with you our passion for these amazing hills. **The granite domes and castle kopjes of the Matobo Hills are among the most majestic rock sceneries in the world. Nestled in this unique range of hills is Camp Amalinda which consists of nine individually thatched rooms including 2 honeymoon suites, which are set into the huge boulders.** These 2 suites have just recently been refurbished. Each are steeped in African historical artefacts of a bygone era from the two famous men who once walked around these very rocks. Tucked away into an ancient bushman's shelter, Camp Amalinda's charm will leave an indelible impression on every visitor, it's spirituality almost tangible. There is a panoramic view of the Matobo Hills. Delicious meals are served on a massive teak table in the open air dining room. A cosy library contains some of the old "African Classics", whilst a secluded chess room, located amongst the tree tops guarantees peace and tranquillity. For the wine connoisseur, we recommend a visit to our natural cave wine cellar. Sundowners can be enjoyed around a warm fire in the enclosed "boma" area. At the base of the camp is a large swimming pool with comfortable loungers and a bar, all over-looking a waterhole. Amongst this most miraculous backdrop, which is famous to the Matobo Hills, is an irresistible treasure worth experiencing – situated near the pool is our Heritage Spa. We are in a malaria free zone and children are most welcome. Children can spend their days rock climbing and chasing rock lizards, skinks and Giant Plated Lizards.

Mowana Safari Lodge is totally and magnificently African. A serene place on the banks of the Chobe River. It provides ethnic luxury in a natural unspoilt wilderness area. Mowana (Place of the Baobab Tree) is an exotic place offering 108 en-suite rooms, each with private balcony and all under thatch. It is just 80 kms from Victoria Falls, 6km from Kasane Airport and 8 km from the famous Chobe National Park, where large elephant herds are legendary. Mowana’s reception area nestles around an ancient Baobab tree and the lodge is environmentally sensitive. Feel the magic at the point where four African countries meet – Botswana, Namibia, Zambia, Zimbabwe – to indulge your senses with a wealth of sights and sounds : the awesome power of mighty waters, the soothing silence of the semi-desert, the hundred harmonies of birdsong, the blazing sun that fires your spirit. Let yourself be transported into Mowana’s world of wonders while you break your fast on a river cruiser greeted by the yawn of a hippo. Be initiated into ruthless, raw nature by an expert guide. Feel the fear of the buffalo as the lion sinks its teeth into its neck. Hear the witchlike call of the hyenas as they gather for the spoils whilst above the vultures circle and circle. Listen to the legendary Nyami Nyami calling you to his dwelling place where thundering falls veil the world with their mists. Feel the African beat in your body as you wade down the river in your mokoro (dug-out canoe) and the African fire in your heart as you ride a wild rapid on your raft. And when you’ve got your breath back and you’ve soothed your burning skin in a sparkling pool, toast the blushing sky with exotic nectars mixed specially for you. Then savour the never-ending spread of gastronomic delights and get a taste of the dark, delicious enchantment of Africa. Long after, when you recall your African dream, you’ll remember where it all began

Of all the lodges in Kasane, this one really takes the prize : *"70,000 elephant, 110 rooms and a nine hole golfcourse ... paradise found at Mowana Lodge"*.

CLIMATE

Nature has given us one of the most pleasant climates in the world : warm summers (October-February) that are rarely oppressive, and sunny winters (May-August) that are rarely chilly. It is recommended that you bring a sweater/coat with you because the evenings/early mornings can be cooler. June : Daily Avg Max 25°C Min 6°C.

CUSTOMS

Visitors may import duty-free any personal effects not for disposal in Zimbabwe. Consumable goods - not being merchandise, imported for trade purposes – may be imported duty free up to a value of US\$300 per person. Alcoholic beverages may be included in this allowance by persons over 18 years of age, up to a maximum of 5 litres – of which not more than 2 litres may be spirits.

HEALTH REQUIREMENTS

<http://wwwnc.cdc.gov/travel/destinations/zimbabwe.html>

Visitors to Zimbabwe do not require cholera or yellow fever inoculations UNLESS TRAVELLING FROM INFECTED AREAS. Open water contact is not advised as rivers and dams may be infected with bilharzia. All water in cities and towns, hotels and swimming pools is from purified central water supplies or boreholes and is safe. Bottled mineral and soda water are available. As malaria is endemic, visitors to areas outside Harare should take a full course of anti-malaria prophylactics (which should not be chloroquine based). Also bring along a good sunscreen and insect repellent.

VISA REQUIREMENTS

We have prepared a separate PDF on VISA REQUIREMENTS. Full details on the AAENTA 2012 WEBSITE.
