

# Advanced Resident Temporal Bone Dissection Course

## Course Description:

This course is designed for otolaryngology residents in training interested in refining their skills in the treatment of patients with hearing loss and chronic otitis media. The international faculty will present updated information and “hands-on” instruction pertaining to surgical techniques used in the management of hearing loss and chronic otitis media. This will include innovations in ossicular chain reconstruction, cochlear implantation, mastoid surgery, Meniere’s management, stapedectomy techniques, and facial nerve management in chronic ear surgery. The course will consist of didactic lectures, video sessions, and hands-on temporal bone dissections.

## Date and Location:

**October 4-6, 2010**  
**Medical University of Vienna**  
**Vienna, Austria**

## Guest Faculty:

**Prof. Dr. Jan Kiefer**  
 HNO Zentrum - Regensburg

## Faculty:

**Wolfgang Gstoettner, MD**  
**John T. McElveen, Jr., MD**  
**Wolf Dieter Baumgartner, MD**  
**Jafar-Sasan Hamzavi, MD**  
**Christoph Arnoldner, MD**  
**Michael Pretterklieber, MD**

## Course Objectives:

**At the conclusion of this program, participants should be able to:**

- Complete an intratemporal facial nerve dissection
- Reconstruct the ossicular chain using conventional PORPs, and TORPs, as well as, vibroplasty techniques
- Discuss various options for stapedectomy
- Perform intact canal wall mastoidectomy, canal wall down mastoidectomy, reversible canal wall down mastoidectomy, and labyrinthectomy

# Advanced Resident Temporal Bone Dissection Course

October 4-6, 2010  
Medical University of Vienna  
Vienna, Austria

## Course Agenda:

### Monday, October 4, 2010

- 7:30 Breakfast: Lindner Hotel Am Belvedere
- 8:00 Lecture: Cholesteatoma: Management Options
- 8:30 Lecture: Intact Canal Wall Mastoidectomy
- 9:00 Lecture: Cochlear Implantation: An Overview
- 9:30 Lecture: Surgical Management of Meniere's Disease
- 10:00 Depart for Temporal Bone Lab at The Institute of Anatomy, Währingerstraße
- 10:30 Lab & Video Sessions – Intact Canal Wall Mastoidectomy & Facial Nerve Dissection
- 13:00 Lunch: "Bibliothek" at The Anatomy Institute
- 14:00 Lab & Video Sessions: Cochleostomy and Electrode Insertion / Endolymphatic Sac Dissection / Labyrinthectomy / IAC Dissection (with Vestibular Nerve Section)
- 16:15 Adjourn
- 18:00 Depart for Dinner

### Tuesday , October 5, 2010

- 7:30 Breakfast: Lindner Hotel Am Belvedere
- 8:00 Lecture: Otosclerosis Surgery: An Historical Perspective
- 8:20 Lecture: Innovations in Ossicular Chain Reconstruction, including Vibroplasty Techniques
- 8:40 Lecture: Tympanic Membrane Repair: Variations in Technique
- 9:00 Guest Faculty Lecture: Prof. Dr. Jan Kiefer
- 9:30 Lecture: Complications of Otologic Surgery
- 10:00 Depart for Temporal Bone Lab at The Institute of Anatomy, Währingerstraße
- 10:30 Lab & Video Sessions: Stapedectomy Technique
- 13:00 Lunch and Group Picture
- 14:00 Lab & Video Sessions: OCR & Vibroplasty
- 15:30 Lab & Video Sessions: Medial Graft Tympanoplasty & Lateral Graft Tympanoplasty
- 17:00 Adjourn
- 18:30 Depart for Dinner

### Wednesday October 6, 2010

- 7:30 Breakfast: Lindner Hotel Am Belvedere
- 8:00 Lecture: Bone Anchored Hearing Aids (BAHA)
- 8:30 Lecture: Canal Wall Down Mastoidectomy and Reversible Canal Wall Down Mastoidectomy
- 9:00 Depart for Temporal Bone Lab at The Institute of Anatomy, Währingerstraße
- 9:30 Lab & Video Sessions: CWD Mastoidectomy, Standard & Reversible Technique / Meatoplasty
- 12:00 Lunch & Discussion
- 13 :00 Adjourn

### Accommodations: Lindner Hotel Am Belvedere

Rennweg 12, A-1030 Wien  
Telefon: 43 (0)1 794 77-0
