Invitation letter

Dear friends and colleagues,

Barcelona will have the pleasure to host the 1st Congress of the Confederation of the European Otorhinolaryngology, Head and Neck Surgery in 2011. We have started to work very hard on the Congress with the aim of making it a "difficult to forget" one, both from the scientific and social points of view.

Prof. Dr. Manuel Bernal

Nowadays, Barcelona is a modern cosmopolitan city, with a rich cultural and historical tradition. Barcelona's unique and highly diversified artistic assets are universally appreciated. It is a city of great architectural interest: the Gothic and the Modernist Quarters, Gaudi, and the new urban development. This, together with the fair weather, and the very nature of its inhabitants, makes it both extremely interesting and lively for the visitor. Among the city's main top-ranking cultural assets are the Picasso Museum, the Joan Miró and Antoni Tàpies Foundations, the MNAC (National Art Museum of Catalonia), the "Palau de la Musica", the Opera House the "Liceu" among others. Barcelona also offers five kilometres of beaches.

The chosen time for the congress also allows planning a short holiday at the nearby "Costa Brava" with its Dali's Museum in Figueres or the restaurant "El Bulli" near Roses.

We look forward to welcome you all in Barcelona 2011 and we hope to succeed in making you feel at home. For any questions, inconveniences or suggestions you may have, please feel free to contact me directly or the congress secretariat.
