SEPTOPLASTY - RHINOPLASTY and beyond

The European Academy
of Facial Plastic Surgery

4th international Course

31.1. - 1.2. 2008

Medicent Linz
Austria

Dear colleagues,

With great pleasure I would like to extend a cordial invitation to the 4th international course on rhinoplasty under the auspices of the European Academy of Facial Plastic Surgery, in Linz/ Austria.

The goal of this course is to allow every participant to get in touch with highly reputed specialists who will not only deliver presentations but will also be available for conversations and discussions of specific problems and topics.

The course is structured in a way that several groups of topics will be opposed to the individual principles and viewpoints of our experts. A second feature will be live transmissions from operating theatres in order to be able to observe several surgeries performed.

Apart from septum and rhinoplasty we will deal with another focal point of plastic surgery: the auricle: from protruding ears to microtia.

I invite all colleagues interested in these challenging fields to enjoy a memorable meeting. I can offer reduced fees for residents in training and EAFPS members.

Keep in mind that Linz is located close to the famous „Skiwelt Amadé“ the ideal venue to spend a nice weekend.

Miriam Boenisch

Changes in programme may take place

International Experts

I am proud to be able to count among our distinguished guests:

TEACHER OF HONOUR

Mr Gilbert Nolst Trenité

from Amsterdam, the Netherlands incumbent president of the European Academy of Facial Plastic Surgery. Far and wide he is an avowed expert on rhinoplasty; his unflagging teaching activities as well as his excellent schoolbook complete with DVD make access easy even for novices on the principles of rhinoplasty.

Mr Ralph Siegert

from Recklinghausen, Germany is a member of the European Academy's Executive Board. Being head of the orthorhinolaryngology department of the Hospital Recklinghausen he is the foremost expert in concha reconstruction as well as a well-recognised authority in rhinoplasty. He is with us for the first time and will inform us about the State of the Art in surgical treatment of the concha and its dysplasia.

Ms Roxana Cobo

from Kali, Columbia incumbent president of the Columbian Society for orthorhinolaryngology. Far beyond the borders of Latin America Ms Cobo is an acclaimed specialist in ethnic rhinoplasty which especially emphasises the anatomic realities of a patient in order to bring the best out of a personality.
